ASTERIA FLOOR

Designed by Søren Ravn Christensen

A TIGHT AND SLEEK EXPRESSION

The Asteria floor is born at the crossroads of design, technology and craftsmanship. It incorporates a built-in LED technology with a shape so minimal that it will never go out of style.

The LED panel is dimmable and has a white diffuser ensuring a soft illumination in the surrounding space. The brass stem going through the floor lamp as a vertical axis, reinforces a tight expression and by turning the top part of the stem you easily turn the light on and off.
